I. Principles of this Scheme of Delegation

All Saint's Multi Academy Trust is currently a group of two secondary schools (Faith Primary to join 1st November 2022) with one shared vision, one Board and one Scheme of Delegation.

All-Saints Trust's model of governance is to recognise:

- The overall accountability of the Board for the performance of the Trust, supported by its committees
- The responsibility of Chief Executive Officer for the line management of Headteachers and Senior Trust Leaders
- The responsibility of School Governing Board's is ensuring that the school is always delivering the Trust's vision and ethos. Holding the Headteacher to account for performance against its financial targets (set centrally in consultation with Headteachers) and supporting the school in becoming the school of choice in the local community.

All governance flows from the All-Saints board of directors. The Trust is a company limited by guarantee and an exempt charity, whose principal regulator is the Secretary of State for Education. The Trust's governance must comply and operate within the framework of the following documents:

- All-Saints Trust Master Funding Agreement
- All-Saints Trust Articles of Association
- DFE Academy Trust Handbook
- DFE Governance Handbook
- DFE Constitution of Governing Bodies
- NGA Competency Framework for Governance

All-Saints Trust will ensure that it is always compliant with all statutory obligations as prescribed by the Department for Education (DfE), Education and Skills Funding Agency (ESFA), and Charity and Company Law as well as other applicable laws and regulations.

As a single employer, All-Saints Trust is committed to ensuring that it operates within UK employment legislation, recognising the relevant unions where appropriate.

Schools within the All-Saints Trust work closely with the Trust's central team to make decisions in the best interest of the communities and students that they serve, in line with the Trust's vision.

Each school has its own identity but is clearly identifiable as an All-Saints Trust school, and shares common values, aspirations, and approaches. Our vision statement:

All Saints Multi Academy Trusts' Vision is inspired by the ecumenical work of Bishop David Sheppard and Archbishop Derek Warlock in Liverpool in the 1980's which focussed on breaking down barriers that may stand in the way of progression, but that ultimately communities and groups are 'stronger together'. Our aim is to create a Multi Academy Trust of exceptional and distinctive Christian schools which deliver outstanding education and learning, who share best practice to raise standards and build aspiration for the children and members of its community, maintaining the positive diversity and choice for parents. 'Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace in its various forms. If anyone speaks they should do as one who speaks the very words of God. If anyone serves, they should do so with the strength God provides' 1 Peter 4:10-11 Community is at the heart of our academies. Together we challenge social inequality and enhance social mobility, as our partnerships of

schools act as the springboard from which ambition is cultivated and our students thrive. This vision will be achieved through the Trusts commitment, to the following Values

“Community is at the heart of our academies. Together we challenge social inequality and enhance social mobility, as our partnerships act as the springboard from which ambition is cultivated and our students thrive. Through partnership and collaboration, our academies are places where academic success is achieved, belief is inspired and opportunities are created. With God’s love, our student’s will go on to become the change makers in their communities, as they “aspire to reach the new horizons”.

The All-Saints Trust board acknowledges the moral and statutory responsibility to safeguard and promote the welfare of all students and endeavours to provide a safe and welcoming environment where children are respected and valued. The Trust is alert to the signs of abuse and neglect and will follow the set procedures to ensure that children receive effective support, protection, and justice.

Each school is committed to enabling children and students to become effective, aspirational learners with a broad and enriched understanding of, and commitment to, their communities and the wider world.

Each school is relentless in its pursuit of ‘World Class’ in terms of its academic performance, teaching, leadership, behaviour, enrichment and pastoral support, and committed to achieving common standards of excellence across the Trust.

2. Trust Governance

All-Saints Trust board provides a framework in which the Trust's Members, Directors and Governors can fulfil their roles. Everyone in governance should be aware of and accept 'The 7 Principles of Public Life' as set out by Lord Nolan:

- **Selflessness** – Holders of public office should act solely in terms of the public interest
- **Integrity** – Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or material benefits for themselves, their families, or their friends. They must declare and resolve any interests and relationships.
- **Objectivity** – Holders of public office must act and taken decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.
- **Accountability** – Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.
- **Openness** – Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.
- **Honesty** – Holders of public office should be truthful
- **Leadership** – Holders of public office should exhibit these principles in their behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

Purpose of Governance

The purpose of Governance is to provide confident and strong strategic leadership which leads to robust accountability, oversight, and assurance for educational and financial performance.

The Trust Governance has three core functions:

- Ensuring clarity of vision, ethos, and strategic direction
- Holding executive leaders to account for the educational performance of the Trust and its students, and the effective and efficient performance management of staff, and
- Overseeing the financial performance of the Trust and making sure its money is well spent.

Effective Governance

Boards must be ambitious for all children and infused with a passion for education and a commitment to continuous school improvement that enable the best possible outcomes.

Effective governance is based on six key features:

- **Strategic Leadership** – that sets and champions vision, ethos, and strategy
- **Accountability** – that drives up educational standards and financial performance
- **People** – with the right skills, experience, qualities, and capacity
- **Structures** – that reinforce clearly defined roles and responsibilities

- **Compliance** – with statutory and contractual requirements
- **Evaluation** – to monitor and improve the quality and impact of governance

Strategic Leadership

That sets and champions vision, ethos and strategy through:

- A clear and explicit vision for the future set by the Board of Directors, in collaboration with Executive Leaders, which has student progress and achievement at its heart and is communicated to the whole Trust.
- Strong and clear values and ethos which are defined, embedded, and adhered to across the Trust
- Strategic planning that defines medium to long-term goals, and development and improvement priorities which are understood by all
- Processes by which to monitor and review progress against agreed strategic goals
- Mechanisms to enable the Board to listen, understand and respond to the voices of staff, students, parents and the local communities
- Determination to initiate and lead strategic change
- Procedures for the Board to set and manage risk, ensuring that risks are aligned with strategic priorities and improvement plans and that appropriate intervention strategies are in place.
- An informed decision on whether to expand the Trust, which is underpinned by robust due diligence.
- An awareness of the need to review the effectiveness of governance structures and processes, if the size/complexity of the Trust changes

Accountability

That drives up educational standards and financial health through:

- Rigorous analysis of student progress, attainment, and financial information with comparison against local and national benchmarks
- Clear processes for overseeing and monitoring school improvement and financial health, providing constructive challenge to school leaders
- A transparent system for performance management of executive leaders linked to defined strategic priorities
- Effective oversight of the performance of all other employees and the framework for their pay and conditions of service
- A regular cycle of meetings and appropriate processes to support business and financial planning
- Effective controls for managing within available resources and ensuring regularity, propriety, and value for money

People

With the right skills, experience, qualities, and capacity who:

- Understand the purpose of governance and the role of the non-executive leadership and have all the necessary skills to deliver it well
- Can perform as an effective Chair with the ability to provide visionary strategic leadership
- Provide sufficient diversity of perspectives to enable robust decision making
- Are recruited through robust and transparent processes against a clear role specification
- Use active succession planning to ensure the Board and the Trust continues to have the people and leadership it needs to remain effective
- Can employ a professional Governance Professional to provide expert advice and guidance and to ensure the efficient and compliant operation of the Board

Structures

That reinforce clearly defined roles and responsibilities through:

- Appropriate Board and Committee structures that ensure sufficient and robust oversight of key priorities
- Clear separation between strategic non-executive oversight and operational executive leadership, which is supported by positive relationships that encourage a professional culture and ethos across the Trust
- Processes for ensuring appropriate communication between all levels of governance and to students, parents, staff and communities
- Significant separation between Members and Directors to enable members to exercise their powers effectively
- Published details of governance arrangements including the structure and remit of the Board and any committees.
- Complementary and non-duplicative roles for the Board, any committees, or School Governing Boards.

Compliance

With statutory and contractual requirements, through:

- Awareness of, and adherence to, employment legislation and where applicable to charity and company law and all other legal duties
- Plans to ensure that key duties are undertaken effectively across the Trust such as safeguarding, inclusion, special educational needs, disability (SEND) and monitoring and oversight of the impact of pupil premium and other targeted funding.
- Adherence to the requirements of the ESFA Academies Trust Handbook (ATH) and the Trust's funding agreement and Articles of Association.

- Understanding of, and adherence to, responsibilities under the Equalities Act, promoting equality and diversity throughout the Trust, including in relation to its own operation.

Evaluation

To monitor and improve the quality and impact of governance through:

- Regular skills audits, aligned to the Trust's strategic plan, to identify skills and knowledge gaps, which inform recruitment and training needs, including appropriate induction for those new to governance.
- Processes for regular self-evaluation and review of individual's contribution to the Board as well as the Boards overall operation and effectiveness
- Commissioning external reviews of Board effectiveness, particularly at key growth or transition points.
- Documentation which accurately captures evidence of the Boards discussions and decisions as well as evaluation of its impact and which complies with legal requirements for documentation retention.

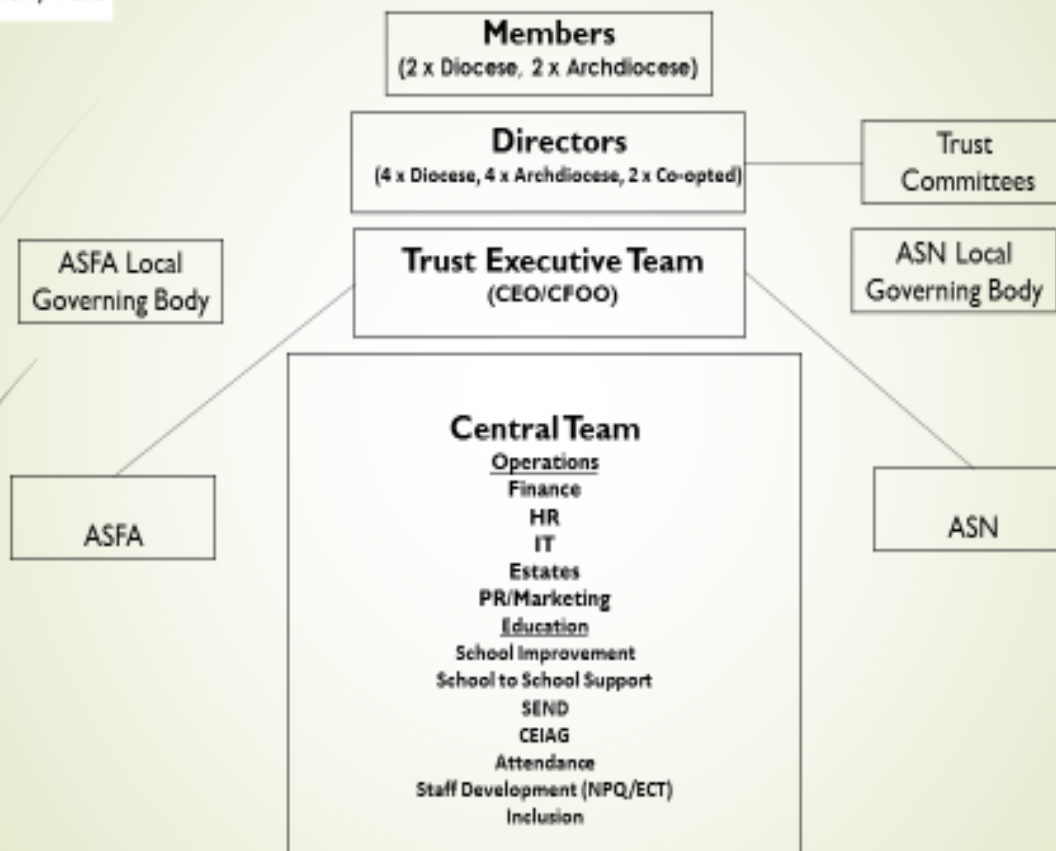

Every School is ultimately governed by the Board of Directors. The Trust has established a clear organisational structure with identified lines of accountability and reporting for all its operations. This includes defining the responsibilities of the Trust Board and those responsibilities delegated to its committees and officers within the Trust. The diagram on page 9 shows how the structure works in practice.

The Board of Directors sets out clearly what they expect of individuals, particularly when they first join the Trust Governance Team. A code of conduct is maintained and communicated to all prospective appointees to the Board of Directors and Local Governing Boards, to set clear expectations of their role and behaviour.

The Board of Directors may withdraw all/or part of any delegated authority to a committee or individual or group at any time.

All Saints Multi Academy Trust Structure

4. Members Board

Our members are the equivalent of shareholders in a commercial limited company. They are responsible for the Trust's constitution, determining the principles of the Trust's governance structure and providing oversight and challenge of the Directors to ensure the charitable objects of the Trust are being fulfilled.

The Members are distinct from the Directors and are appointed in accordance with the Trust's Articles of Association. Members have an overview of the governance arrangements of the Trust and have the power to appoint and remove Directors.

Members: The Trust currently has four members:

- Joan McCarthy
- Stuart Harrison
- Anne Pontifex
- Mike McGurk

The members of a Trust are the guardians of the governance of the Trust, this means they sit right at the top of the governance structure. They have a limited and distinct role which needs to be clearly defined in the Articles of Association and in the Trust's Scheme of Delegation. The need for members is a result of the Companies Act 2006, as all academy trusts are set up as charitable companies, they too must have members.

The Articles of Association set out the Trust's charitable objectives – the purpose of the organisation.

The role of the members is:

- To sign the memorandum and Articles of Association of the Trust
- Ensuring the academy's Trust charitable objective – advancing education for the public benefit
- Members determine the name of the Trust
- Members appoint other members and appoint the Directors of the Board
- Members appoint and remove the independent Auditors
- Assess and hold the Trust Board to account for effective governance and the success of the Trust
- Ensuring that the purpose of the Trust is being met and its charitable objective is being fulfilled
- To remove Directors of the Board if they are failing to carry out their governance function

11. School Governing Boards

School Governing Board

Every school is ultimately governed by the Board of Directors which has accountability for standards of performance and financial security across all schools in the MAT.

The Board of Directors has established the School Governing Boards with the purpose of ensuring that there is a common ethos, vision and strategy across all its schools and that the School Governors and Headteachers are held to account for the achievement of the Trust's priorities and targets.

The Board of Directors acknowledges that whilst it plays the leading role in statutory decision-making on behalf of the Trust, the School Governing Board can provide a level and regularity of local challenge and scrutiny that the Trust Board cannot.

Those serving on School Governing Board are known as 'Governors'. Membership of the School Governing Board includes the Headteacher, members of staff, parents, and other members of the community. Together, the Board of Directors and School Governing Board, work within the Trust's Scheme of Delegation, to provide strong governance for the Trust's activities.

Visiting the School

In the main, this section covers the structured visits for monitoring and evaluating. However, governors may also visit informally to attend or participate in assemblies, sports days, celebration events, school council meetings or assisting in areas in which they may be skilled e.g. reading. These visits will be arranged via an invitation. In all cases governors should make it clear when visiting if they are there as a visitor, parent, helper etc.

The Guide to the Law states that; 'Individual governors do not have an automatic right to enter the school whenever they wish. But they need to be able to visit from time to time to develop their understanding of the school to enable them to fulfil their statutory responsibility for the conduct of the school.'

Governors should arrange their visits with the Headteacher, who has responsibility for the day-to-day management of the school. It is often useful to draw up a policy on governors visits to cover things such as giving notice, constructive feedback, and handling concerns. The SGB should plan visits to cover a wide range of schoolwork and each visit should have a clear purpose.

Visits by governors can be useful and informative. They do not replace professional inspection, or the monitoring and evaluation carried out by the Headteacher

Make sure that staff members understand the purpose of the visit.

Schools are a working environment and very busy and it is likely it is very different from when governors themselves were at school! Whilst staff will welcome the interest of governors' and fully understand their statutory responsibilities, governors must be careful not to interrupt the fundamental business of the school and the children's education, and finally, remember that teachers often work to a strict timetable and may not always have time to talk to a governor when they are teaching.

Process for Electing Chair and Vice Chair of School Governing Board

This section identifies the process for electing Chairs to the School Governing Board

Terms of Office

On formation, of a School Governing Board the first Chair of the SGB will be appointed by the Board of Directors from among the Trust Community of Governors.

Subsequent Chair appointments are elected by the members of the SGB, from among the School Governing Body. However, because of the vital link and the importance of maintaining a strong and effective relationship between the SGB and the Board of Directors, the appointment following election is subject to the approval of the Board of Directors.

At any time, the Directors reserve the right to remove the existing Chair and appoint a Chair where it would be in the interests of the future success of the school and the Trust.

The School Governing Board terms of office will normally run from September to August. However, the Board can choose when in the year elections take place.

Who can, and can't stand?

The Chair and Vice Chair must be a Governor first and be officially appointed or elected by the other members of the School Governing Board. This also means that a Chair or Vice-Chair will cease to hold office if that person ceases to be a member of the Governing Board.

An employee who has a contract of employment with the Trust cannot stand as Chair or Vice Chair.

A Chair or Vice-Chair will cease to hold office if they become employed by the Trust during their term of office.

Nominating Candidates

The School Governing Board determine the procedure for nominations. For example, they decide whether:

- Nominations need to be made in advance and how this can be done
- Candidates can self-nominate or whether they must be proposed by other Governors
- Nominees have to be present at the meeting in which the elections take place

Voting

All School Governors on the Board can vote in the election, including staff governors, the Headteacher and candidates.

The only restriction from voting is if a member has a financial or pecuniary interest in the outcome.

Associated members cannot vote because they are not governors.

When voting the Governors must take into consideration:

- If seeking re-election, details of the candidate's contribution to the work of the SGB during their previous term of office and how they plan to contribute to the future work of the SGB
- What skills and knowledge the candidate can bring to the role?
- Does, the candidate have good inter-personal skills, and appropriate literacy and numeracy skills
- Will, the candidate be willing to learn and develop in their role
- Has, the candidate demonstrated the personal qualities to be able to lead and direct the governing board

- Does the candidate have the capacity to undertake the role and have a strong commitment to improving outcomes for children

Tied Votes

A decision must be made by a majority vote of the Governors present, even if there is only one nominee, they should be elected by a majority vote.

If the vote is tied, ask the nominees to speak again before holding another vote. Ideally the current Chair shouldn't use their casting vote to break the tie in an election. The SGB should attempt to reach an agreement on who should be the Chair rather than defer to one governor's choice.

Chair of School Governing Board - Role Overview

The Chair's specific duties are to:

- Provide a clear lead and direction for the SGB, promoting delivery of the Trust's vision and ethos and aims.

The convening of a meeting and the proceedings conducted shall not be invalidated by reason of any individual not having received written notice of the meeting or a copy of the agenda.

In the absence of either the Chair or the Vice-chair at a meeting of the SGB, the SGB will agree a replacement for the meeting from among the Governors in attendance. The Governance Professional or the Headteacher shall not Chair the meeting.

See appendix 2 for Template Agenda for Governors Meetings

Quorum

A quorum must be present, being three or one third of the Governors (if greater).

If the number of Governors assembled for a meeting of the SGB does not constitute a quorum, the meeting shall not be held. If during a meeting of the SGB the number of Governors present ceases to constitute a quorum, the meeting shall be terminated forthwith.

If for lack of a quorum a meeting cannot be held or cannot continue, the Chair shall, if he thinks fit, determine the time and date at which a further meeting shall be held and shall direct the Governance Professional to convene the meeting accordingly.

Decision Making and Voting

All issues to be decided at a meeting of the SGB shall be determined by a majority of the votes of the Governors present and voting on the question. Every Governor shall have one vote. Where there is an equal division of votes the Chair of the meeting shall have a second or casting vote.

A Governor may not vote by proxy.

No resolution of the Governors may be rescinded or varied at a subsequent meeting unless consideration of the rescission or variation is a specific item of business on the agenda for that meeting.

A resolution in writing, signed by all the Governors shall be valid and effective as if it had been passed at a meeting of the Governors duly convened and held. Similarly, a resolution in writing signed by all the members of a committee of the Governors shall be valid and effective as if it had been passed at a meeting of that committee. Such a resolution may consist of several documents in the same form, each signed by one or more of the Governors (or the members of a committee), as the case may be).

Any Governor shall be able to participate in meetings of the Governors by telephone or Microsoft teams if he has given reasonable notice to the Governance Professional and that the Governors have access to the appropriate equipment.

Governors shall complete a register of their relevant personal and business interests, which shall be reviewed annually and published in summary on the school's website. Any Governor who has any duty or personal interest that conflicts or may conflict with his or her duties as a Governor shall:

- Disclose that fact to the SGB as soon as he or she becomes aware of it. A Governor must absent himself or herself from any discussions of the SGB in which it is possible that a conflict will arise between his or her duty to act solely in the interests of the school and such duty or personal interest:
- Withdraw from any meeting for that item unless expressly invited to remain in order to provide information
- Not be counted in the quorum for that part of any meeting
- Withdraw during the vote and have no vote on the matter.

Minutes must be prepared of all SGB meetings. Drafts of those minutes must be sent to the Chair no later than 7 days after the date of the meeting. Final minutes, as approved by the Chair must be circulated to SGB

13. Register of Business/Pecuniary Interests

Any Director/Governor who has any duty or personal interest that conflicts or may conflict with his or her duties as a Director/Governor shall:
